JIM MARCHANT ENDORSES DONALD TRUMP

LAS VEGAS, NV – Republican candidate, Jim Marchant, announced his endorsement of Donald Trump's 2024 campaign for President to a group of supporters this past week, citing his accomplishments in office and strong track record of delivering on his promises.

Marchant had this to say about his endorsement of Donald Trump:

Our country is falling apart, and I make no bones about it - I support the one man who can bring it back together as President because he's done it before...

I proudly endorse Donald J. Trump for the presidency in 2024. His unwavering commitment to the American people, strong economic leadership, and dedication to protecting our borders make him the ideal candidate.

During his previous term, President Trump revitalized our economy, creating record-low unemployment rates and fostering job opportunities for all. His steadfast stance on immigration ensures our national security and upholds the rule of law.

President Trump's appointments of conservative judges, including three Supreme Court justices, uphold our country, roll back the liberal policies nobody asked for, and stand opposed to the worst parts of Biden's policies. His resilience in the face of relentless attacks demonstrates his dedication to the American people.

Now, as we navigate new challenges, we need a leader who prioritizes America's interests. Donald Trump's proven track record in international negotiations and defense of our sovereignty make him the best choice for a prosperous future.

Join me in supporting Donald J. Trump for President in 2024, and together, we can make America great again!

###

President Donald Trump describes Jim Marchant as a "Legendary Businessman". As a businessman, he was tired of the government punishing job creators so Jim decided to take matters into his own hands, he ran and defeated a tax-raising moderate/liberal Republican in the Nevada Assembly District 37 in 2016. While in the Nevada Assembly, he fought against the Establishment in both parties for lower taxes, less burdensome regulations, gun rights, and a more transparent government. He was ranked the top conservative legislator with conservative groups such as American Conservative Union and Nevada Policy Research Institute. In the 2020 election, Marchant ran for Congress in Nevada's Congressional 4 and nearly defeated Steve Horsford despite being outspent 3-1 and widespread Democratic coordinated election fraud.
